HAZEL KIMBALL GARLAND

LIBRARIAN OF THE HAMPSTEAD PUBLIC LIBRARY
1964 - 1969

The people of Hampstead wish to express their appreciation to Hazel Kimball Garland for devoted service to the Hampstead Public Library. Mrs. Garland is never too busy to help the children with book selections or to send to the State Library for reference books. Her cheerfulness and willingness to assist readers of all ages at all times make her beloved by all.

Mrs. Garland was born in Danville, N.H., and graduated from Sanborn Seminary. She is an active member of the Women's Relief Corp, the King's Daughters, the Farm Bureau, the Friend's of the Library, the Women's Club, the Ladies' Social Circle, the Hampstead Grange and a Past President of the P.T.A.

The Town of Hampstead expressed their appreciation for Mr. and Mrs. John Garland when they arranged a 50th Anniversary party for them in 1968.

We the people of Hampstead dedicate this Town Report to you, Hazel Kimball Garland, for your service to our town.

NOTICES

INVENTORIES are mandatory. They must be filed with the Selectmen on or before April 1st. Forms are distributed by mail. Please note that a description of the property which will enable the assessing officials to locate and identify each parcel is necessary. A phrase such as "Same as last year" or "no change" is not sufficient.

VETERANS should understand that it is their responsibility to request forms for tax exemption, and that these must be in the hands of the Selectmen by April 15th, if they are to receive consideration.

THE SELECTMEN will meet in their office in the Old High School on the first Saturday of each month at 7:30 P.M. and also on the third Thursday of each month at 7:30 P.M.

THE PLANNING BOARD -- Regular meeting is the third Monday of every month at 8 P.M.

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hampstead in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the gymnasium in said Hampstead on Tuesday, the eleventh day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To choose all necessary School District Officers for the year ensuing.
3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

General Government	\$ 16,500.00
Protection of Persons and Property	19,787.00
Health	4,560.00
Highways	28,800.00
Library	3,280.00
Public Welfare	3,300.00
Patriotic Purposes	450.00
Recreation	1,660.00
Cemeteries	3,500.00
Interest	8,000.00
County Tax	29,000.00
	<u>\$118,837.00</u>

4. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes.

5. To hear reports of Auditors and Committees and to act thereon.

6. To see if the town will vote to authorize the Selectmen to administer or dispose of any Real Estate by public sale acquired by the town through Tax Collector's deeds.

7. To see if the town will vote to raise and appropriate the sum of Sixty Six Hundred Dollars (\$6,600.00) to re-grade Emerson Ave. near the properties of Morse and Whitney.

8. To see if the town will vote to place a street light on

Maple Avenue in the vicinity of the Stacy home.

9. To see if the town will vote to accept Timberlane Road from Main Street to the intersection at the Young property.

10. To see if the town will vote to raise and appropriate the sum of Thirteen Hundred Dollars (\$1300.00) for repairs and equipment at the library.

11. To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) for the use of the Greater Salem Mental Health Association.

12. To see if the town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) to establish a contingency fund to meet the cost of unanticipated expenses that may arise during the year, as provided in RSA 31:98.

13. To see if the town will vote to accept State Aid Construction of Class V roads and raise and appropriate or set aside for said purpose the sum of \$343.37. State's share - \$2,289.15

14. To see if the town will vote to accept the donation of One Thousand One Hundred Fifty Dollars (\$1,150.00) made to the town by Cohen Foundation Camps, Inc.

15. To see if the town will vote to accept the section of road off Rt. 111 known as Birchwood Drive.

The polls will not close before 6 p.m.

It is understood that a motion will be made at the opening of the meeting that the polls be open until 8 p.m.

The business meeting will be held on March 14 at the Gymnasium at 8 p.m.

Given under our hands and seal, this twentieth day of February, in the year of our Lord nineteen hundred and sixty-nine.

CHARLES W. LINDQUIST, JR.

REPORT OF THE POLICE DEPARTMENT

It is with great pleasure that I submit my twelfth annual report as Chief of the Police Department. With the annual, forever increasing amount of police work and crime on a nation-wide basis, we as a community can look with pride to the fact that few of these situations exist within the bounds of Hampstead. If we as a department are instrumental in preventing even a small percentage of this vast increase, we will have well served our purpose. We as a department have always operated under the philosophy that to prevent crime from occurring is much more

rewarding on a personal basis than apprehending subject individuals after the commission of crime.

This office and my department are dedicated police officers but during these trying times when politicians, both local and state wide, have a greater determining factor than the courts in determining right from wrong, a dedicated police officer regards himself in the light of hypocrisy. It is our contention under the democratic system that justice is assumed to be for all, but one has to search the books today to find much similarity to the old-fashioned type of justice. We can hope and pray for the return of such justice "one-day".

The Hampstead Lions Club deserves the top position in the worthwhile projects category. In March the club voted to purchase a police cruiser for the town. The cruiser, delivered, equipped and presented to the Police Department at the annual Memorial Day Services is a welcome addition to the town. The vehicle is housed at the Central Fire Station and is fully equipped to serve as a police cruiser and an ambulance. We have had the pleasure to be able to serve the town on numerous occasions with ambulance services during this year. This project has always been one of my "Pet Projects" and with the able assistance from my Brother Lions, the project has become a reality. We offer this service, not for remuneration purposes, but solely as a desire to better service the residents of the town.

In September of this year, I attended a course of instruction on Advanced First Aid for police and ambulance drivers at Dartmouth Medical School at Hanover, N. H. This period of instruction was in my opinion the most worthwhile that I have ever attended. The primary objective of the course was to enable police officers and ambulance drivers arriving at the scene of conflagrations to remove the situation from an emergency situation into a non-emergency situation. I feel that this was fully realized in its goals.

Officer William Rivers graduated from the Rockingham County Law Enforcement School at Exeter this fall. This is certainly in keeping with our desires to better fulfill our obligations to the town. Congratulations to Officer Rivers for contributing the amount of time necessary for the successful completion of this course.

The annual ever-rising amount of police work held true during 1968 as well as in previous years. During this period we had 64 auto accidents which were covered by the department. Thirteen of these accidents are classed in the major category with extensive property damage and personal injuries. We have on record 65 court cases of which the majority were rendered with guilty findings. This is certainly a record in itself when obtaining such findings in the courts today can be only brought about by well-informed police officers, who out of necessity keep abreast of the "far reaching and far-out" decisions of the higher courts.

Three stolen vehicles were recovered by the Hampstead Police during the year belonging to local citizens. One stolen vehicle from Malden, Mass., was recovered along with its three occupants. No charges were brought against the individuals because of recent court decisions.

Two assault and battery complaints by private individuals were processed by the department officers. One assault on Officer William Woodman of this department, resulted in a heavy fine for a Kingston resident. Moral charges were brought against an out-of-state man during the summer. Two cases of vandalism in Hampstead cemeteries were investigated. Four boys were apprehended for damages to the East Hampstead Cemetery.

The department investigated a personal injury case when a gravestone fell on an eight-year-old girl at Lakeview Cemetery. One run-away youth was apprehended at Atkinson by this department and returned to his parents. The Police and Fire Departments were called to assist in a search for two boys who became lost in the woods. They were later found walking in Sandown.

A total of 76 youths, both boys and girls from such diversified areas as Ottawa, Canada, and Providence, Rhode Island, have been apprehended on the Depot Road at West Hampstead for disturbing the peace. The situation that exists at this location results in considerable time consumption by the members of the department. The correction of this situation, in the opinion of this office is within a higher authority than the police department.

Sincere appreciation and thanks is passed to the members of

the department, for their co-operation and dedicated police work during the past year. It results in considerable satisfaction to me that these individuals perform their duties in a manner that is truly an asset to the town. The town can truly look to a police department that cannot and will not be outclassed by any department in any surrounding community.

A word of thanks to the wives of the police officers that have blue-network phones installed in their homes. They are dedicated to a thankless job, often subjected to abuse and ob-
senities from an element that cares little about right or wrong. Thanks is sometimes deserved of the children of the police officers, whom during isolated times are also subjected to similar abuse.

One situation that should be brought to light occurred a few months back when an arrogant female caller on the Police Network telephone demanded of my daughter, a fourteen-year-old girl, information as to where we get our electricity. When the young lady answered that she didn't know, she was called a "Nit-Wit". As yet she hasn't been burdened by electric bills-and society.

Thanks is extended to members of the Town Departments, State Police, Sheriff's Department, and all those who made our jobs a little more enjoyable.

Respectfully submitted,

KENNETH H. CLARK

ANNUAL REPORT - FIRE DEPARTMENT

First of all I want to thank the people of the town of Hampstead for giving us one of our best years. We had only 22 calls on the books of which 2 were dwellings, 8 were grass or woods, 3 were for cars, 3 were at the dump, one accident call, to wash gas off the road, one call to help look for missing boys, and 4 miscellaneous calls.

This year we had a waterhole put in Orchard Park. Our thanks to Ralph Watson for the land.

Also a siren was put on the Laundermat in East Hampstead, which will ring at the same time as the one on the main fire

house. We want to thank Pert and Al Custeau for giving us permission to use their building for this purpose.

We have our new Forestry Radios installed in our trucks, with a base radio in the main fire house. We made good use of these radios when the boys were missing, and found that they saved us a lot of extra steps.

We have our new four-wheel-drive truck(which is the new forestry truck) in operation. We have not had to put it to any great task yet, but I am sure it will do the job without any trouble.

This year the Association acquired another piece of Fire Apparatus. The vehicle is a four-wheel-drive jeep. We plan to make a combination rescue and forestry vehicle out of it. The Board of Fire Engineers would like to take this opportunity to thank the Association for this generous gift.

This year fourteen of our men got new dress uniforms, of which half of the cost was paid for by these men, and the other half by the Department. We have received many compliments on these uniforms, and in the coming year we hope that more of the men will be able to get uniforms.

Another great success this year was the annual Santa parade, and the fire-proofing of Christmas trees. Many thanks to Bob Biggart and his crew for all the time and effort they put into this.

The Board of Engineers thank the Police Department for their continued co-operation with us at the scene of fires.

To all of our Red Phone operators, I would like to take this opportunity to thank them for their services this past year.

By the Board of Fire Engineers,

CLIFTON DEMERITT, SR., Chief
GENE DUSTON
R. A. JOHNSTON
PAUL WENTWORTH
ROBERT LETOILE

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF FOR TOWN OF HAMPSTEAD

People cause fires. Our records show that the number of fires increase in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young the lighted matches are an adventure, burned fingers and a dropped match is another fire. A little older we like to have a woodland cookout, or go out by ourselves for a smoke, but fire and forests get together for another statistic. We adults like to clean up in the spring, burn the old debris and the dead grass, result - escaped fires and much personal expense.

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yard of our villages' streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump.
If you must burn -
 - a. You need a written permit from the town fire warden for all debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
 - b. The Warden is forbidden by regulation to allow burning of household rubbish by householders between 9:00 A.M. and 5:00 P.M.
 - c. Have equipment on hand to control the fire before you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

PLANNING BOARD REPORT

The Planning Board is pleased to report that Hampstead's new Zoning Ordinance was accepted by the voters at a special town meeting in December by a margin of better than two to one. This was the result of several years of hard work by many interested townspeople.

Many thanks to all who supported our efforts during the past year.

Respectfully submitted,
LEONARD CHASE, Chairman
Planning Board

Library Trustees Report

Each year the Library continues to be of help and interest to most of our people and especially to the younger generation who are making greater use of its facilities than ever before.

We have carefully considered the books which we have purchased and suggestions from our readers have been given much thought. We have endeavored to spend the money allotted to us to the best interests of all concerned.

We wish to express our thanks to all who have helped the Library and especially to "The Friends of the Library" who have worked hard and contributed so much in time and money to make our library increasingly effective and worthwhile.

Respectfully submitted,

ELAINE BROUGH
CALVIN SCOVEL, JR.
MARJORIE KIRKNESS
Library Trustees

Librarian's Report for 1968

This is my fifth annual report of the Hampstead Public Library and I am pleased to report that the library is still growing. There are not as many juvenile books taken out through the school year, as they have a fast growing library of their own, but they all come back during the summer months.

This past year, "The Friends of the Library" did remarkably well in the Hollyhock Thrift Shop under the able supervision of Mrs. Lloyd Hoey. At the close of the "Shop" a large sum of money was presented to Mrs. Marjorie Kirkness, chairman of the Board of Trustees, to be used for new books. To the "Friends" I extend my sincere thanks for all the fine things they have done for the betterment of the Library.

We were given an entire library from Dr. Edward Baldi in Boston. Many classics and biographies were found in this wonderful collection, which were very much needed. Mrs. Gordon Brough made two trips to Boston with her station wagon to convey the books. We are extremely grateful to her and the family for this service.

I wish to express my thanks and appreciation to all those who have been so generous in contributing books, magazines

and other things during the year. The names are too numerous to mention.

We have several editions of large type for the ill, aged, and those who have been deprived of this ease and comfort in reading.

We also have records available to loan. The R.C.V. Recording Co. gave the library a large box of records, music of Rodgers & Hammerstein and other leading orchestras.

The State Library gave us another \$100.00 this year to be used for reference books.

Mr. and Mrs. Calvin Scovel have planted more trees around the library to help beautify the grounds.

There were 5,249 books in circulation last year. We borrowed 1,717 from the Bookmobile and 115 from the State Library.

My sincere thanks go to the Trustees for their splendid co-operation, and to Mrs. Marjorie Kirkness and Mrs. Ruth Stack who have given so much of their time in cataloging nearly every Monday.

I express my appreciation to Mrs. Ella Conway and Mrs. Jungermann for all their help in the past whenever it was convenient for them. Also, I wish to convey my thanks to John Sakash who so faithfully performed his duties as "the keeper of the grounds."

Everyone is cordially invited to visit the Library. Our hours are Tuesday and Saturday 2 - 7 P.M. , Wednesday 7-9 P.M.

Respectfully submitted,
HAZEL K. GARLAND

To the Inhabitants of the School District of the Town of Hampstead qualified to vote in district affairs:

You are hereby notified to meet at the Memorial Gymnasium in said District on the eleventh day of March, 1969, at 10:00 o'clock in the forenoon to act upon the following subject:

1. To choose all necessary School District Officers for the ensuing year.

Given under our hands at said Hampstead this tenth day of February, 1969.

DAVID L. MORRIS
STANLEY W. ROSS
WILLIAM E. BEANE
School Board

The polls will be open to vote for District Officers from 10:00 A.M. to no earlier the 6:00 P.M.

SCHOOL WARRANT
STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of the Town of Hampstead qualified to vote in district affairs:

You are hereby notified to meet at the Memorial Gymnasium in said District on the tenth day of March, 1969, at 8:00 o'clock in the afternoon to act upon the following subjects:

1. To hear the reports of Agents, Auditors and Committees, or Officers chosen and pass any vote relating thereto.
2. To choose Agents, Auditors and Committee in relation to any subject embraced in this warrant.
3. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the District.
4. To see if the District will authorize the School Board to

make application for, to receive and to spend, in the name of the District, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal, State, local or private agencies.

5. To see if the District will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000.00) to continue a Capital Reserve for the purpose of school building expansion.

6. To see if the District will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000.00) for the purpose of renovating the old High School Building for temporary use as an elementary school building.

7. To see if the District will vote to raise and appropriate the sum of Eight Thousand Dollars (\$8,000.00) for the purpose of planning a secondary school in Hampstead and taking a site option for same.

8. Shall the school district accept the provision of RSA 195-A (as amended) providing for the establishment of an area school or schools located in Hampstead to serve the following grades 7-12 from the school districts of Chester and Hampstead, in accordance with the provisions of the plan on file with the district clerk?

9. To transact any further business that may legally come before the meeting.

Given under our hands at said Hampstead this tenth day of February, 1969.

BUDGET SUMMARY

The following report summarizes School District expenses for the past two years, the current operating budget and the School Board's estimate of expenses for the 1969-1970 school year. It must be taken into consideration that monies appropriated in the month of March, to be used in the following year, do not necessarily correspond in individual items, because of the impossibility of projecting the rising price indexes twelve months hence.

	THE HAMPSTEAD SCHOOL BOARD			
	EXPENDED 1966-1967	EXPENDED 1967-1968	OPERATING BUDGET 1968-1969	ESTIMATED NEEDS 1969-1970

REPORT OF AREA PLANNING COMMITTEE

This past year your Planning Committee met regularly with the Chester Planning Committee, working many hours putting together a written plan of the proposed Chestnut Country Junior-Senior High School, mutually agreeable to both committees and bound to parts of the plan by AREA (Authorized Regional Enrollment Area) school laws.

This plan has had preliminary approval by the State Department of Education from whom we received much assistance. The plan will appear to the voters as an article in the School District Warrant at the Annual School District Meeting.

We as a committee hope to see as many voters as possible attend this meeting to listen to, and hopefully join in, discussions of the pros and cons concerning a secondary school in the town of Hampstead.

Respectfully submitted,
AREA SCHOOL PLANNING
COMMITTEE

Robert Letoile, Chm.
Stanley Ross
William Conway

FINAL REPORT OF THE TIMBERLANE STUDY COMMITTEE

This committee originated in March of 1967 with the passage of an article in the school district warrant, requesting that the Board petition the Timberlane Regional School District to study the feasibility of annexation. The result of this annexation would have been to merge the Hampstead School facilities and staff into the Timberlane Regional School District. This study was conducted and the results were aired at a public hearing in December of 1968. Shortly after this public hearing, the Board conferred with members of the State Department of Education concerning the proper procedure in presenting this proposal and an AREA proposal to the townspeople. The State Department responded, stating that their recommendation was to consider one alternative at a time, to be followed to completion and presented to the voters. Based on this recommendation and the

study completed, the Hampstead School Board passed a motion on January 8, 1969, "Not to recommend annexation of the Hampstead School District to the Timberlane Regional School District".

David L. Morris

William E. Beane

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hampstead:

A visitor to the Hampstead education scene who visits the local school plant and inquires about the provision of educational opportunity for boys and girls - all grades 1-12 - and the philosophy for same, would get many positive impressions.

Elementary Education and Facilities

The Hampstead School District operates two facilities, the Hampstead Central School, an up-to-date 17-room grammar school, and a gymnasium/recreation building, both located in the center of town. The grammar school enrolls 391 students grades 1-8 in the school year 1968-1969 with facilities which include 17 regular classrooms, remedial reading room, basement library, health room, and principal's office.

The gymnasium/recreation building (officially named the "Memorial Gymnasium") is used several hours daily for physical education classes and some of the other purposes for which an "all purpose room" would be used in an elementary school. The building is used frequently during the week for youth recreation activities (for example, during the winter season for a Saturday morning basketball program) and evenings for adult social purposes. Responsibility for maintenance, repairs, custodial care, and operation of this facility rests with the School Board.

It can truthfully be stated that by any standard both of these facilities - the school and the gymnasium - are being utilized to their limit of capacity in 1968-1969.

Secondary Education

Secondary education for students from Hampstead in grades 9-12 is being supplied basically under contract with a private ("publicly approved") high school, Pinkerton Academy in Derry. A limited number of secondary students are being provided specialized programs, such as trade education, at other high schools.

While there may exist a certain sense of security in the knowledge of a contract to purchase secondary education from a private school, a prudent community will take note of the fact of the impact of growth pressures and space needs which are building up at that academy. The most recent method of caring for enrollment increase at the school has been the long-term leasing of a large portable building complex. In the current school year there are 125 students from Hampstead in attendance at Pinkerton in grades 9-12. Before the expiration date of the contract, the Hampstead enrollment in grades 9-12 will climb to more than 300 students. The Hampstead School Board and administration are concerned about rate of growth from the small sending towns, as well as from the large town of Derry.

Planning Ahead

Winter 1969 is the year when several concerns for meeting future educational needs for the boys and girls of Hampstead all come into focus.

1. The Hampstead Central School is operating at or above capacity with present enrollment of 391 in grades 1-8. The music/activity room houses a regular class, and one additional class must be provided for annually as we grow to an enrollment of 550 in these grades within a half dozen years. The School Board is recommending temporary relief by refurbishing the former high school building to provide additional classrooms.
2. The report of the Timberlane Study Committee is also included in this report.
3. The report of the Hampstead-Chester Area Study Committee is also included in this report. It is hoped that interested citizens will have attended hearings and read the releases on this subject.
4. Special articles are included in the Warrant to provide funds for the renovations project at the high school building, to continue to build up the capital reserve fund, and to study the matter of planning for the ultimate construction of secondary school facilities in Hampstead.

Next Year

Projections in hand for the school year 1969-1970 would indicate that we shall be sending 136 students to Pinkerton

Academy and educating 428 boys and girls in grades 1-8 in Hampstead. By utilizing classroom space in the high school building, it will be possible to add another second grade class, keeping teacher/pupil ratio in the first two grades in the low twenties, and reopen the activity room to general use. Program improvements are planned by adding pupil counselling to the special service areas of health, speech therapy, and remedial reading; also the annual purchasing of school library books in greater numbers toward an objective book count of ten books per student, opening the library daily and for longer hours, and the beginning of annual program of replacing of equipment and the purchase of new equipment at a constant support level.

* * * *

There are many ingredients that make for a quality education program: a good teaching staff, a dedicated board of education, imaginative leadership, and community concern and support. These ingredients are all present in Hampstead - and your children enjoy a better educational experience because they are.

GORDON B. ALLAN
Superintendent of Schools

REPORT OF THE PRINCIPAL

To the School Board, Superintendent of Schools, and Citizens of Hampstead:

Included in this, my sixth annual report, will be reports of the school nurse-teacher, music supervisors, reading coordinator, and speech therapist.

The opening day of school, September 4, 1968, showed an enrollment of 391 pupils. This figure reflects an increase of 27 pupils over last year's opening day total.

The increased enrollment in grade one necessitated expansion to three first grade classrooms. As a result, the former music-activity room was utilized as a second grade classroom. All available space in the school is now occupied.

In the area of curriculum, Individualized Reading was extended into grade four. Also, curriculum committees, composed of members of the teaching staff, were organized to review the

mathematics and English-language programs, with the objective of developing new curricula in these disciplines.

Graduation exercises for the class of 1968 were held at the Hampstead Congregational Church on June 13. School Board Chairman, David L. Morris, presented diplomas to forty-four graduates. Mr. Frank P. Miller, Director of the Hale Hospital, was guest speaker.

Open house was held during the week of November 11-15 in observance of National Education Week.

The school athletic program was comprised of soccer, baseball, and basketball for boys, and basketball and softball for girls. The girl's softball team had an undefeated season.

The annual Book Fair was held under the sponsorship and supervision of the PTA. Mrs. Ward Brown, Mrs. Billy McCoy, Mrs. Charles Ellis, and Mrs. Donald Nolet organized and conducted the program. Sincere appreciation is extended to these parents for a job well done.

Continued growth was noted in the school library. An additional book shelving unit was installed to provide for the expanding number of books. Over two thousand volumes are now available to the children. Mrs. Louise Fraser is school librarian.

The following standardized tests were administered during the year: Stanford Achievement Tests, grades 2-8; Murphy-Durrell Readiness Test and SRA Mental Ability Test, grade one; Otis Mental Ability Test, grades 2-4-6; Orleans Algebra Prognosis Test and School and College Ability Test, grade eight. In addition, Basal Reading Tests and a variety of individual diagnostic and grade placement tests were administered.

The annual New England Reading Conference was held in Manchester, New Hampshire. Mrs. Dorothy Jennings and Mr. Warren Cooke attended from the Central School.

Transportation was provided by the Timberland Transportation Company. Milk was purchased from Turner's Dairy, Salem, New Hampshire.

Physical examinations were administered by Raymond E. Moore and Dr. William R. Hart; assisted by Mrs. Dorothy Scott, R.N., school Nurse-Teacher, and several volunteers.

The school instrumental music program was reorganized under the supervision of Mr. Julius Kostick. Details of the

program will be found in Mr. Kostick's report.

Educational field trips were held for all grades. These trips were coordinated to relate to an area of study being conducted within the classrooms.

The staff of the Central School include the following positions: 17 classroom teachers, reading coordinator, nurse-teacher, speech therapist, 2 music supervisors, supervising principal, 3 Teacher Aides, Secretary, Librarian and 2 Custodians.

Funds for two of the teacher aide positions were provided by a federal grant under Title 1 of the Elementary and Secondary Education Act of 1965.

Reports of special service personnel follow:

Reading Coordinator - Mrs. Charlotte T. Zimmer: This year (1967-1968) the Remedial Reading Department had two teachers. In September, Mrs. Nancy Taylor joined the staff to be my able co-worker. Although we were part-time teachers, we had set up the remedial program so that there was a full day of teaching, every day.

With the help of Mrs. Taylor, I had time for more personal contact with the teachers to discuss reading difficulties in their groups, and methods to be used to solve those problems. It also gave me time to visit classrooms to see how remedial pupils were reacting in a classroom situation.

As the need arose, I arranged for in-service programs at different grade levels.

With the help of the two remedial teachers, the third grade teachers organized and set up an Individualized Reading Program for both rooms. The children received it enthusiastically, and, so far, some good results are evident.

SRA Reading for Understanding Kits were demonstrated in every room by the two remedial teachers. Now, each room, from grade 1-6 has its own SRA Reading for Understanding Program to supplement the basal readers.

The Scott Foresman Open Highways Readers were used in grades 4 and 5 to supplement the co-basal Ginn Reader. Remedial reading pupils, using them, are having good results.

The vocabulary "Screening Test" must be passed before a Basal Test is given. Results are getting better, proving that

skills are being learned better, with the extra help given by the Remedial Department.

Mrs. Taylor and I averaged ten remedial groups each day. Mrs. Taylor taught grades 2-3-4. I worked with grades 1-5-6-7. We worked with 45 different pupils this year.

All new pupils entering Central School were tested for grade placement. The Metropolitan Reading Tests were used.

The following tests were valuable for diagnosis of Reading difficulties:

1. Durrell Test for Reading Difficulties
2. Doren Diagnostic Test
3. Lyons-Carnahan Diagnostic Test D-A
4. Gates-McGinitie Diagnostic Test
5. Botel Reading Inventory

When it was thought feasible to change a pupil's reading group, I used:

1. Durrell-Sullivan Reading Achievement Test
2. Regular Basal Reading Test

For specific intelligence quotients the WISC Test was used. All together, I administered 63 tests during the year.

Nurse-Teacher - Mrs. Dorothy Scott, R.N.: I am presenting here-with my third annual report as school nurse in Hampstead.

The World Health Organization defines health as "a state of complete physical, mental, and social well being; not merely the absence of disease or infirmity."

The school efforts to promote pupil health is only assisting the parents in fulfilling their child-care responsibilities and not relieving the parents of their obligations.

The school health program is divided into three inter-related parts, namely:

1. Healthful School Living
2. School Health Services
3. Health Education

Healthful School Living is a term that designates the provision of a wholesome and safe environment.

School Health Services are the procedures carried out by physicians, nurses, dentists, teachers, and others to appraise,

protect, and promote the health of students and school personnel. The Health Services to Hampstead pupils last year consisted of:

1. cursory examinations at the beginning of the school year and after long vacation periods. (Consisting of inspecting glands, throat, teeth, head, and extremities).
2. Medical examinations on all pupils in grades 1-4-7, pupils new to the school, and any pupil participating in inter-scholastic sports were done by the school physicians, Drs. Moore and Hart. Parents are notified of any defects found and a successful "follow-up" program is carried out.
3. Screening tests for vision and hearing were done on all pupils.
4. All pupils were weighed and measured for an appraisal of physical growth.
5. Pupils of grade 5 and all new students above that grade were tested for color perception.
6. The school nurse assists the New Hampshire Tuberculosis nurse in skin testing all first grade children. Any positive reactor to the test will have a chest X-Ray and will be referred to their family physician.
7. Pre-school registration was held in May. A state dental hygienist was in attendance at this time to inspect the children's teeth and discuss any dental problems with the parent.
8. Referrals to clinics and the Mental Health Association for students requiring this service.
9. Contact by a home visit or a telephone call to establish if there is a need for home schooling due to a health problem.

Health Education - For the most part, it is the classroom teacher who carries on the health instruction. This is no longer done haphazardly as in the past. Today it is a planned program. In a sense, health instruction programs have "come of age." This has occurred chiefly because of the current needs of children and adults in a civilization that is becoming more and more complex; and amid the complexities are health problems that cannot be solved by leaving them to chance. The nurse

acts as a valuable resource person for both teachers and pupils when instructing in the field of health. Health programs for the past year were in the areas of safety, nutrition, dental care, personal hygiene, menstruation, smoking, alcohol, and drugs.

Finally, I wish to thank all the parents and friends of the Hampstead Central School for the cooperation and assistance they gave me this past year.

Music Supervisor - Mrs. Irene Stump: In the music program for the first four grades, there was a concentration on singing, rhythmic activities, listening, creative responses, and body movement.

Both dancing and rhythm instruments were used to encourage the children's musical growth. They also have been taught some basic music theory. It is important for the children to be able to relate music to all other facets of the school program. To attempt to do this was one of my major objectives.

A volunteer chorus is offered for all interested seventh and eighth graders. They have worked on two-part songs and a cappella singing.

The first four grades presented a Christmas Program, and the Junior High Chorus participated in the upper grade portion of the program.

Music Supervisor - Mr. Julius Kostick: This year, emphasis was placed more upon the listening, appreciation, and performance side of music than on the vocal.

The first few weeks found all students from the fifth grade up participating in our bottle bands. First hand performance of all woodwinds together with their historical backgrounds were discussed and demonstrated by the instructor.

A comprehensive study of musical structure and its relation to vocal and instrumental music was also studied. Keyboard tonalities were explored with the pupils writing, singing, and creating their own melodies.

For the seventh and eighth grades, a folk singing and guitar group was organized. The study of the guitar provided much pleasure to the students who later used the guitar to accompany themselves.

All students from grades 5-8 were given music aptitude

tests and those receiving the highest marks were encouraged to participate in the instrumental program.

Fifty children participated in the band program which had one rehearsal each week.

Performances included a Christmas Program, and a spring instrumental demonstration and Memorial Day exercises are planned.

Speech Therapist - Mr. Vincent Marchand: This is my second annual report as speech therapist at Hampstead Central School. A speech screening test was given this fall to the children new to the Central School and all children enrolled in the second grade. The results of the screening were mailed to the parents.

The basic aim of the speech program is to help all children with speech defects to correct their speech through individual or group speech sessions. Currently, the total enrollment is fifteen. Various speech problems are classified as articulation, stuttering, delayed speech, and emotional problems.

The program is only helpful to the child provided that he regularly attends the classes, and he does the speech assignments nightly. Parent conferences are needed at times to reinforce the goals of the program for the child.

The therapist uses the nurse's office for speech classes as was done last year.

The equipment used in the program includes: tape recorder, record player, workbooks, and various arts and crafts materials. The students obtain pictures for notebooks from discarded magazines.

I would like to thank the superintendent, Mr. Grey, the school nurse, and the teaching staff here at the Central School for their continued support of the speech program.

Finally, as Supervising Principal of the Central School, I would like to extend my sincere thanks to members of the School Board, Superintendent Allan, and members of the staff of Supervisory Union #55 for their cooperation and assistance.

I would also like to express my appreciation to the entire staff of the Central School for their interest in the school child-

ren of Hampstead, and for their continued diligence in providing the best possible educational opportunity for our children.

On behalf of the school staff, I would like to thank the many parents who have given of their time and energies assisting with a variety of activities within the school program. This parental interest is acknowledged with sincere appreciation.

Respectfully submitted,
RICHARD GREY
Supervising Principal
